**DOB: 10.06.2008**

**BW: 81 LBS.**

**THF/PHAF**

**OWNED WITH: CHRIS & CAROLYN WILSON**

The word "breeding tool" is the term used by many across the country to describe this Char cross bull. He is TH and PHA Free and sired by the Out cross bull, Who Too and his dam is a Maine female out of DJ Hunk. To top it off, several semen companies and many customers have said he is one of the best smokey bulls they have seen in a long time. We are selling semen across the country on this bull already. He is surely a cow changer. Loads of hair, bone and a great disposition are just a few of the qualities to describe Uncle Kracker. Try him on Char cows. He is bred by John Adams.
